

Lake Michigan Coastal Program to Convene Planning Meeting for Coast Week 2004

The time has come to meet, discuss, and coordinate for Coast Week 2004 activities. Coast Week 2004 will build upon the success of previous years and look to create a comprehensive structure to tie all events together. The goal of our efforts is to create programs and events highlighting the tremendous resource that is Lake Michigan.

The planning meeting will be held at the Indiana Dunes State Park Nature Center on February 19th from 10 AM to 12 PM, to discuss what is happening, where it is occurring, and who is sponsoring what. Coast Week 2002 and 2003 were built upon a networked approach; various federal, state, regional, local, and Nonprofit organizations sponsored events throughout the region. Coast Week 2004 will take a similar approach and requests that interested parties from these organizations attend the planning meeting.
